

This Notebook belongs to: _____

Resources

This is the book that I like to use to study the states.

When you see a square with a question, have your student draw a picture or write in the answer.

Suggestion: I recommend cutting along the dotted line and gluing the pages into a notebook.

About this Study

I thoroughly enjoy geography and know the importance of teaching about our great country to our children. As a homeschooling mom of 6, I want to raise my children with an appreciation for where they live.

I hope you enjoy this study as much as I did creating it!

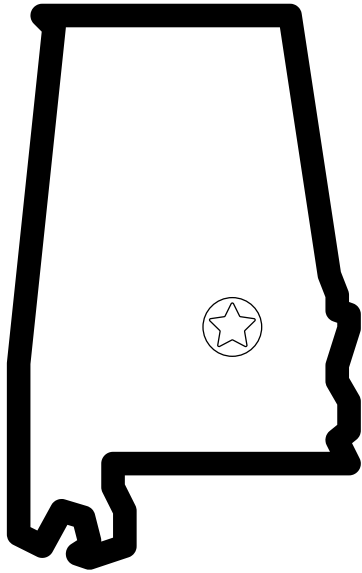

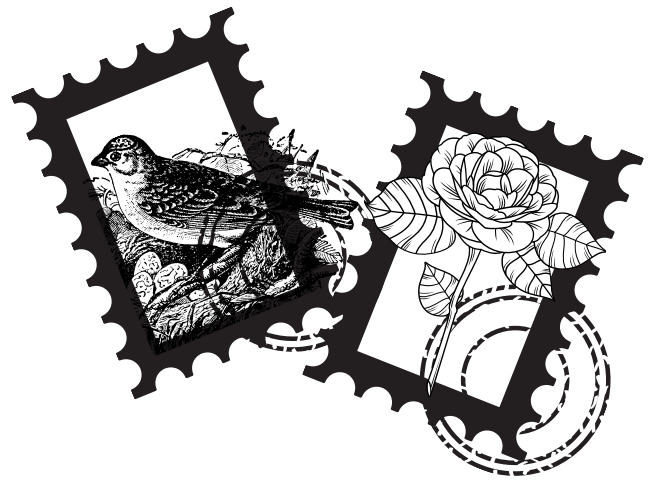

This study was designed in [Canva](#). (affiliate link)
